BuscAR Hunt

QUICK START

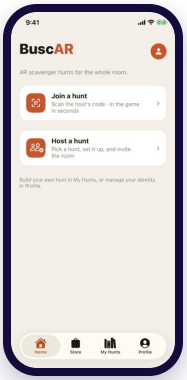

Join a hunt in seconds, or host one in about half an hour.

Before you start: iPhone with iOS 17 or newer · Camera allowed · Wi-Fi or mobile data

PLAYERS

Join the fun

No account, no purchase. Just the free app and a room code from your host.

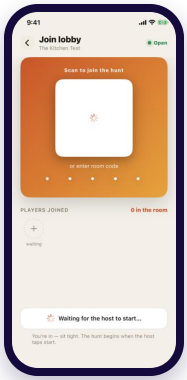

Home screen

1. Open the free app and tap **Join a hunt** on Home.
2. Scan the host's QR code, or type the 5-character room code (like FOX-42).
3. Pick your color, type your name, tap **Enter the hunt**.
4. Wait for the host to tap **Start**. Everyone begins together.
5. Read the clue, walk to the place, tap **I'm at the spot — scan the code** and point your camera at the printed card.
6. Tap the glowing AR object, solve the puzzle, collect items and vault marks. A wrong answer just lets you try again.
7. Finish first, or score the most, depending on the host's win mode.

HOSTS

Run the game

Plan roughly **30–45 minutes** the first time for an 11-station hunt.

Join lobby

1. Buy the hunt in the **Store** tab (one-time purchase). **Sign in with Apple** when you tap Host a hunt.
2. **Host a hunt:** pick the hunt, max players, win mode (Race or Score) and an optional timer.
3. **Station codes:** tap the share icon, print at **Actual Size / 100%**, tape each card where its station lives.
4. **Place AR objects:** point at each card, tap to place, **Save this spot**. About 1–2 minutes per station.
5. Optional **Proceed to** lines tell players where in your space to go.
6. **Open the join lobby**, put the join poster on the wall, let guests join.
7. Tap **Start**. Watch the Host Monitor; **End game** is there if you need it.

GOOD TO KNOW Family and Adult narration is a per-phone switch on the clue screen: tap the **Family mode** pill to change your own tone.

1 · PRINT TRUE
Print cards at 100%. QR codes are 8 cm.

2 · MATTE PAPER
Glossy prints reflect light and won't scan.

3 · TAPE FLAT
Flat, at eye level, on a firm surface.

4 · CARDS, THEN AR
Place AR objects in good light, after the cards are up.

5 · CHARGE UP
Charge every phone before the party.

Stuck?

QR card won't scan
Step back, add light, avoid glare.

AR object doesn't appear
Keep the card in view and move slowly.

"This room is full"
The host raises the player limit next game.

Want to build your own hunt? The Builder is covered in the full guide.
